

* How to call Stroke Alert at OU Medical Center

* If you see a person with:

- Sudden weakness on one side of the body
- Sudden numbness on one side of the body
- Sudden inability to see in one or both eyes
- Sudden inability to speak or understand
- Any other NEW neurological deficit

CALL 271-1911 to activate STROKE ALERT with:

- Patient name
- Last time seen well
- Inpatient service or name of the attending physician
- Stroke Team will appear in person within 10 minutes and assume care
